Annual Security Report 2009

Campus Security Policies

Erikson Institute is committed to promoting the safety of all members of its campus community, including staff, students, and visitors. This Annual Security Report includes information concerning current policies and procedures for campus security in compliance with the Clery Act of 1998. These policies and procedures cover important topics such as reporting criminal activity, responding to emergencies, and communicating potential threats to the safety of the campus community. It describes procedures related to access to campus and security awareness. It also includes policies and procedures regarding harassment, including sexual harassment and the use of alcoholic beverages and controlled substances. The report presents crime statistics for the preceding three calendar years through 2008. We also provide consumer information about community resources related to promoting the safety of individuals. In a separate document, *The Fire and Life Safety Manual*, we describe emergency procedures related to life/safety events, such as fire, bomb threats, severe weather, nuclear threats, evacuations, and other serious events.

Campus Security Authorities

Erikson's Facilities Department is responsible for the development, disclosure, and implementation of campus security policies. This department is also responsible for collection and dissemination of crime statistics, including requesting crime statistics from the Chicago Police Department. The department is headed by David Wilson, Chief Human Resources and Facilities Officer, who can be contacted at 312.893.7200 or dwilson@erikson.edu. The department reports to the Vice President for Administration and Enrollment, Jeanne Lockridge, who can be contacted at 312.893.7140 or jlockridge@erikson.edu.

Given its size, Erikson does not maintain a campus police department. The Institute contracts instead with an outside security company for a range of security services. Levy Security Corporation provides a staff of trained, non-sworn security officers who implement Erikson's access control procedures, opening and closing procedures, monitoring of security cameras, and emergency procedures as required. Although they do not have arrest authority beyond that provided to all citizens by the State of Illinois Statutes, the security officers do have authority to detain individuals on Institute property. Campus security authorities and personnel work closely with the Chicago Police Department and other security agencies to investigate alleged criminal activity and provide for the enforcement of the law and the protection of persons and property.

Alter Asset Management, which manages the entire building, provides additional security services: a security officer is on duty in the rest of the building during normal building hours, monitoring the building exterior and controlling access to the building's loading dock, and freight elevator. Alter Asset Management periodically receives security alerts

from the Chicago Police Department and relays them to Erikson for dissemination, if appropriate, to the Erikson community.

The Institute is equipped with security cameras throughout its space. Cameras are monitored by security officers and record data for later review in case of an incident. The Institute is also equipped with a keycard-controlled, zoned access control system, which limits access to outside of normal business hours to authorized personnel only.

Policies and Procedures for Reporting Criminal Actions, including Sexual Assault, and Other Emergencies

If you believe yourself to be the victim of a crime or to have knowledge of a crime, you should immediately report to one of the security authorities identified below. They will assist you to report the incident to the proper authorities.

A security officer is on duty in the ground floor lobby during normal business hours and during evenings and weekends when classes or other public events are scheduled. The security officer may be contacted in an emergency by dialing extension #7202 on any phone in the Erikson Institute building or by calling 312.893.7202 or 312.755.2250. You may also reach the Institute operator during daytime business hours by pressing “0”. Each of Erikson’s elevators has an emergency call button, which is monitored 24/7 by Simplex, Inc. Calls made to the monitoring service are routed to emergency response personnel.

You can also report criminal activities or other emergencies directly to the Chicago Police Department by dialing 911 from any phone in the building. The phone system is designed so that the police can identify the caller’s exact location within the building. We encourage you to contact Erikson’s security officer in addition to calling 911 so that he can direct the emergency response team to the desired location as quickly as possible. The security officer can also provide assistance in reporting criminal activity to the police. Non-emergencies can be reported to the Chicago Police Department by dialing 311.

Students who believe they have been victims of sexual assault should immediately report the incident to one of the designated campus security authorities, who will assist them to report the incident to the proper authorities. Institute staff will work with the victim to change their academic schedule, if desired and if available, if such a change will increase the victim’s sense of safety. They are also available to arrange counseling for the victim. Sexual assault should also be reported promptly to the Chicago Police Department (911). Counseling is available through the Rape Crisis Hotline of the YWCA (1.888.293.2080) and the Rape Victim Emergency 24-hour hotline (312.744.8418).

The following table summarizes the contact information for security authorities to whom you can report a crime:

Security Authority	Location	Number
Security officer	Ground floor lobby	Ext. 7202; 312.893.7202
Switchboard/receptionist	4 th floor lobby	“0”
Chief HR & Facilities Officer	4 th floor, Room 465	312.893.7200
Assist. Director of Facilities	4 th floor, Office 404	312.893.7201
VP for Administration	4 th floor, Office 414	312.893.7140
Dean of Enrollment	3 rd floor, Office 319	312.893.7145
Police Dept., non-emergency		311
Police Dept., emergency		911

Policy on Documenting Alleged Criminal Incidents

Erikson's security authorities maintain a Daily Crime Log, in compliance with the *Clery Act*. In the event of an incident, the authority to whom the incident was reported will complete an entry in the Log, recording the nature of the crime, the date the crime was reported, the date and time the crime occurred, the location of the crime, and the disposition of the complaint, if known. The authority will also complete a Crime Incident Report Form. The information collected from these forms will be used to prepare a compilation of statistical crime information that will be included in the Institute's Annual Security report.

Policy on Voluntary Confidential Reporting

If you are the victim of a crime and do not want to pursue action within the Institute or the criminal justice system, you may still want to consider making a confidential report. With your permission, the Chief Officer for Human Resources and Facilities can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of you and others. With such information, the Institute can keep accurate records of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner will be counted and disclosed in the annual crime statistics for the Institute.

Policy Statement Addressing Counselors

Please note: The Institute, due to its small size, does not employ pastoral or professional counselors, who, in the course of providing students with confidential counseling services, might learn of criminal activities. As a result, the Institute does not have a formal policy addressing counselors regarding confidential reporting procedures.

Policy on Timely Warnings

In the event that a situation arises, either on or off campus, that in the judgment of the campus security authorities constitutes an ongoing or continuing threat to the community, a campus-wide “timely warning” will be issued. The warning or campus security alert will be distributed through email and posted on Erikson’s campus portal (<http://my.erikson.edu/ics/>). Erikson maintains email distribution lists for all students, staff, faculty, and off-site employees. Campus security alerts may also be posted on the

electronic display monitors located by the elevators on each floor of the building and/or broadcast over the paging system.

The Facilities Department is responsible for issuing campus security alerts. The department collaborates with Alter Asset Management and the Chicago Police Department to receive information about situations in the immediate geographic area that may pose a threat to the Erikson community. Anyone with information warranting a timely warning should report the circumstances to the Facilities Department, either in person, by phone, or by email, or to the officer at the security desk at 312-893-7202.

Policy on Reporting the Annual Disclosure of Crime Statistics

The Facilities Department compiles crime statistics and prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The security officers and the Facilities Department maintain a crime log for the purpose of recording criminal activities that fall within the reporting guidelines. The annual report covers the three preceding calendar years. Institutions are required to disclose three general categories of crime statistics:

1. Types of offenses—criminal homicide, including murder and non-negligent manslaughter; negligent manslaughter; sex offenses including forcible and non-forcible; robbery; aggravated assault; burglary; motor vehicle theft, and arson.
2. Hate crimes—disclosure of any of the above-mentioned offenses, or any other crimes involving bodily injury, which were deemed hate crimes; and
3. Arrests and referrals for disciplinary action for illegal weapons possession and violation of drug and liquor laws.

The report contains crime statistics categorized as follows:

- By the calendar year in which the crime was reported for each of the three most recent years;
- By the type of crime, arrest or disciplinary referral; and
- By the geographic location in which the crime occurred.

Institutions are required to report crime statistics in the following geographical locations: on-campus property, residential facilities, non-campus property owned by the Institute or by a student organization, or public property immediately contiguous to the campus, e.g., the streets and sidewalks adjacent to 451 N. LaSalle Street. Erikson's campus consists of 75,000 square feet located within a larger office building, 111 West Illinois. We do not own any residence facilities or non-campus property. Nor have we experienced crimes in the categories of reportable offenses as defined by the Clery Act. While we have requested crime statistics for the adjacent streets and sidewalks, we have not yet received that data, and these cells are reflected as zeroes. If these statistics become available at a later date, we will update this report. As a result, Erikson's crime statistics are all zeroes.

Below is a summary of the statistical report. The full text of this report can be located on our web site at www.erikson.edu under "Consumer Information," as well as on Erikson's campus portal (my.erikson.edu/ics/), which is regularly accessed by staff and students.

Each year, an e-mail notification is made to all enrolled students and current employees informing them where they can access this report. Bound copies are kept in the Edward Neisser Library. Copies of the report may also be obtained by emailing Marcos Higareda (Assistant Director of Facilities) at mhigareda@erikson.edu. All prospective employees may obtain a copy from Human Resources in room 465.

Chicago Police Department Crime Statistics and Information on Sex Offenders

Staff, students, and other constituents who wish to review current crime statistics in neighborhoods surrounding Erikson, or other neighborhoods in Chicago, may wish to consult the Chicago Police Department’s CLEARMAP website at (<http://gis.chicagopolice.org/>). The website provides information on criminal activities in different neighborhoods and during different time periods in Chicago. In addition, the CLEARMAP sex offenders Web application (<http://sexoffender.chicagopolice.org/>) enables you to search the Chicago Police Department’s database of registered sex offenders. The CPD maintains a list of sex offenders residing in the city of Chicago who are required to register under the Sex Offender Registration Act, 730 ILcS 150/2, ET SEQ. The data are updated once per day. In searching for statistics on crime incidents, sex offenders, or other categories, you can search using an address, by community area, ward, police beat, and district, and around a school or park. You can also search by a custom drawn polygon or a name.

Security of and Access to Campus Facilities

Erikson’s campus facility is open from 8:00 a.m.-9:00 p.m. Monday through Thursday and 8:00 a.m. – 5:00 p.m. on Fridays during the fall and spring semesters. A security officer is on duty during normal business hours and during evening hours and on Saturdays when classes and/or public events are scheduled. At other times, access to the building is governed by a keycard-controlled, zoned access control system, which limits

access to authorized personnel only. The facility is closed on Sundays. Erikson Institute is also closed on national holidays (New Years Day, Martin Luther King Day, Memorial Day, Independence Day, Labor Day, Thanksgiving, and Christmas Day).

The Institute is also equipped with security cameras throughout its space. Cameras are monitored by security officers and facility staff and record data for later review in case of an incident.

All visitors to the Institute must check in with the security officer at the security desk in the main lobby. Staff and students are required to present a valid ID to gain access to the building. IDs are scanned and the security officer verifies the identity of the person against a photo in the building access system. Students or employees without an ID card must check in at the security desk and be validated in the system. Persons who violate the access policy by entering the building without scanning or otherwise against the security officer's instructions may be arrested for trespass or written up on an incident report to face disciplinary action through Erikson Institute's hearing process. Student or employees with an Erikson ID card may bring visitors or guests into the building. All visitors must register at the security desk, receive a visitor badge, and be announced to the appropriate person they intend to visit. Erikson staff are required to notify the security officer in advance of any expected visitors.

Programs to Inform About Crime Prevention

Programs used to inform students and employees concerning the prevention of crime, security procedures and practices, and to encourage the Erikson community to be responsible for their own security and the security of others include:

- The annual security report is provided at orientations and/or the link to the online version of the form is provided to all students and employees and to the public at large;
- Email security alerts as necessary to all institutional email addresses on crime incidents in the area surrounding the campus;
- Periodic distribution of public safety tips, along with reminders that each individual is responsible for his or her own safety and the safety of others;
- Individuals are encouraged to report problems or suspicious persons or circumstances promptly to security;
- Periodic training on sexual assault prevention, with voluntary attendance by students and staff.

Policies on Monitoring Crimes by Students at Off-Campus Sites Controlled by Recognized Student Organizations

Erikson Institute does not have fraternities or sororities, nor are there any other off-campus student organizations which are recognized by the institution and that are engaged in by students attending Erikson Institute. As a result, there is no need for monitoring and recording through local police agencies of criminal activity at off-campus student organizations.

Policy on Antidiscrimination

Antidiscrimination: Erikson's anti-bias commitment applies to all areas of discrimination, including those based on race, color, religion, national origin, sex, sexual orientation, marital status, age, disability, or veteran status. Respect is expected to be shown toward persons in all categories, both generally, and as individuals. It is each staff member's and student's responsibility to approach interactions and diversity openly, and to act from one's centered, adult compassionate self.

Policy on Prohibition of Disruptive Behavior

Staff and students are expected to conduct themselves in a manner compatible with the Institute's function as an educational institution. Behavior that is disruptive and/or interferes with the educational process is disrespectful of the rights of others and is not acceptable and, if continued, may result in discipline as summarized in paragraph 4 below, up to and including dismissal from the program.

Policy on Drug and Alcohol Abuse Prevention

Consistent with its stated mission and values, Erikson aims to create an educational environment that allows students, faculty and staff to participate in and benefit from the full range of academic, research and community engagement activities at the Institute. The Institute also recognizes that unlike undergraduate institutions of higher education, the student population is predominantly, if not entirely, 21 years or older.

As such, the Institute's policies on alcohol and other drugs assume that all members of the community have the responsibility to be a) educated about the effects of the use and abuse of alcohol and other drugs, and b) trusted and expected to make informed and respectful decisions for themselves and the Erikson community that are within the letter and the spirit of Institute policies, as well as local, state and federal laws.

Risks Associated with Abuse of Alcohol and Other Drugs

Erikson Institute recognizes that alcohol and other drug abuse is harmful to the social, personal, and academic lives of students as well as the health and safety of our community as a whole. The following risks are associated with the use and/or abuse of alcohol and other drugs.

Illness and Health Problems: All drugs can be toxic when abused. Alcohol and other drugs can interact negatively with over-the-counter and prescription drugs and every individual reacts differently to the effects of both these drugs and the combination involved. Short-term alcohol and other drug abuse can hinder a person's immune system,

and long-term abuse can lead to serious health risks such as addiction, liver disease, heart disease, and certain kinds of cancer.

Academics: Difficulty meeting academic responsibilities is one of the most common consequences of alcohol and other drug use. Academic problems may include missing classes, falling behind on readings and papers, poor evaluations and the possibility of academic probation, suspension or dismissal.

Impaired Judgment: The use of alcohol and other drugs can impact a person's judgment, normal reaction, and perception; impair motor skills; lower inhibitions; and intensify emotions. All of these increase the chances of accidents either to the user or to others.

Interpersonal Problems: The more a person abuses alcohol or other drugs, the greater the potential for problems with relationships. Students who do not drink or do not abuse alcohol experience secondhand consequences from others' excessive use, which may include unwanted sexual advances and disturbed study and sleep.

For more information on the effects of the use and/or abuse of specific substances, please see www.nida.nih.gov.

Local and Online Resources for Drug and Alcohol Abuse Prevention

Given its small size, Erikson Institute does not operate a counseling center or a health center on its campus. The Chicago area, however, has an abundance of mental health, medical and spiritual resources for persons trying to recover from alcoholism and drug addiction. Persons interested in learning about treatment and recovery options should contact their health insurance company to find out what, if any, benefits are available through their respective plans.

Listed below are links to a variety of self-help support groups. Erikson Institute is not formally affiliated with the groups listed below, nor does the Institute endorse any of the organizations or vouch for the efficacy of any specific treatment or recovery option. Each, however, has been shown to be helpful for certain types of people seeking recovery help. As noted, some of these groups have online meetings available. The following staff members are available to discuss any addiction concerns you may have and to help you determine in what ways a support group might be helpful for you:

Policy on Alcoholic Beverages and Illegal Drugs

The possession, sale, manufacture, or distribution of any controlled substance by staff or students is illegal under both state and federal laws. It is unlawful to sell, furnish, or provide alcohol to a person under the age of 21. Violators are subject to Institute disciplinary action, criminal prosecution, fine, and imprisonment. It is also a violation of Institute policy for anyone to consume or possess alcohol in any public or private area of the Institute without prior approval. Alcohol is prohibited from being on campus at any time except during special events and in such instances is only to be consumed by those over the age of 21 in designated areas. The Facilities Department is primarily responsible for enforcement of laws and policies related to alcohol and illegal drugs.

If any infraction of this policy is confirmed, appropriate disciplinary action will be taken, up to and including termination. Individuals who appear to be unfit for work may be subject to a fitness for duty examination at a designated medical facility. When necessary, the Institute reserves the right to inspect and/or search all Institute property, as well as any employee's personal property on Institute premises, for intoxicating liquor, controlled or illegal substances, or any other substances which impair job performance. Refusal to submit to any such inspection or refusal to cooperate in any investigation will result in disciplinary action, up to and including termination. Any illegal substances

discovered on our premises will be turned over to the appropriate law enforcement agency and may result in criminal prosecution.

Information on Drug and Alcohol Abuse Provided in Compliance with the Drug Free Schools and Communities Act

To meet the requirements of the Drug-Free Schools and Communities Act Amendments of 1989 (PL 101-226), the Institute distributes this notice to all of our students and employees. As required by the amendments, the following information summarizes the laws, risks, and treatment associated with drug and alcohol abuse.

Controlled Substance - Illinois Law: Legal Penalties and Sanctions for Unlawful Possession, Use or Distribution

Ch.56 ½, Sec.704 - Unlawful Possession of Cannabis. It is unlawful for any person knowingly to possess Cannabis (Marijuana). A conviction for a violation of this section is a Class C misdemeanor for possession of less than 2.5 grams to a Class 3 felony for possession of over 500 grams.

Ch.56 ½, Sec. 705 - Manufacture or delivery of Cannabis. It is unlawful for any person knowingly to manufacture, deliver, or possess with intent to deliver, or manufacture, cannabis. A conviction for a violation of this section is a Class B misdemeanor for a violation involving less than 2.5 grams to a Class 2 felony with a \$100,000 fine for a violation involving more than 500 grams.

Ch.56 ½, Sec. 705.1 - Cannabis Trafficking. Any person who knowingly brings or causes to be brought into Illinois for the purpose of manufacture or delivery or with the intent to manufacture or deliver 2,500 grams or more of cannabis in Illinois or any other state or country is guilty of cannabis trafficking. A conviction for a violation of this section is punishable by a term of imprisonment not less than twice the minimum term and not more than twice the maximum term authorized under Ch.56½, Sec. 705 and a fine up to twice the amount authorized by Ch.56½ Sec. 705 depending on the amount brought into Illinois.

Ch.56 ½, Sec. 709 - Calculated Criminal Cannabis Conspiracy. It is unlawful for any person to engage in a calculated criminal cannabis conspiracy. A conviction for a violation of this section is a Class 3 to a Class 1 felony with a fine up to \$200,000.

Ch.56 ½, Sec. 1401 - Manufacture or Delivery of Controlled Substances. It is unlawful for any person knowingly to manufacture, deliver or possess with intent to manufacture or deliver a controlled substance including but not limited to heroin, cocaine, morphine, barbiturates and LSD. Depending on the amount and type of the drug, a conviction for a violation of this section is a Class 3 felony with a fine up to \$75,000 to a Class X felony punishable by a term of imprisonment from six to sixty years and a fine up to \$500,000.

Ch.56½, Sec. 1401.1 - Controlled Substance Trafficking. Any person who knowingly brings or causes to be brought into Illinois, for the purpose of manufacture or delivery or with the intent to manufacture or deliver a controlled substance is guilty of controlled substance trafficking. A conviction for a violation of this section is punishable by a term of imprisonment not less than twice the minimum term and not more than twice the maximum term authorized by Ch.56 ½, Sec. 1401 and a fine up to twice the amount authorized by Ch.56 ½, Sec. 1401 depending on the amount and type of the controlled substance brought into Illinois.

Ch.56½, Sec. 1402 - Possession of Controlled Substances. It is unlawful for any person to knowingly possess a controlled substance. A conviction for a violation of this section is a Class 1 felony punishable by imprisonment from four to fifty years and a fine up to \$ 200,000.

Ch.56½, Sec. 1404(b) Look-alike Substances, Manufacture or Distribution. It is unlawful for any person knowingly to manufacture, distribute, advertise, possess with intent to manufacture or distribute a look-alike substance. A conviction for a violation of this section is a Class 3 felony with a fine up to \$ 150,000.

CH.56½, Sec. 1404(c) Look-alike Substances, Possession. It is unlawful for any person to knowingly possess a look-alike substance. A conviction for a violation of this section is a petty offense. A subsequent offense under this section is a Class C misdemeanor.

Ch.56½, Sec 1405.1 - Criminal Drug Conspiracy. A person commits criminal drug conspiracy when, with the intent that an offense set forth in Ch.56½, Sec. 1401, 1402, or 1407 be committed, the person agrees with another to the commission of that offense. A person convicted of criminal drug conspiracy may be fined or imprisoned or both to the maximum provided for the offense which is the object of the conspiracy.

Ch.56½, Sec.1407 - Manufacture, Delivery, or Sales, Person under 18 - School Property - Enforcement of Penalties. Any person 18 years of age or over who violates Ch.56½, Sec. 1401 or Sec. 1404 by delivering a controlled substance to a person under 18 years of age may be sentenced to imprisonment for a term up to twice the maximum term and fined an amount up to twice the amount otherwise authorized by the subject statute. Any person who violates Ch.56½, Sec. 1401 on any school premises or on public housing property or on public park property or within 1,000 feet of any school premises, public housing property or park property, commits a Class 2 felony to a Class X felony with a fine up to \$500,000.

Ch.56½, Sec. 1654 - Narcotics Racketeering. It is unlawful for any person to engage in narcotics racketeering. A conviction for a violation of this section is a Class 1 felony with a fine up to \$250,000.

Ch.56½, Sec. 2306 - Steroids Manufacture, Distribution, Dispensing, Delivery and Possession with intent to Distribute and Possession of Anabolic Steroids.

It is unlawful for any person to manufacture, dispense, deliver, possess with intent to distribute, prescribe or administer any anabolic steroid for any use in humans other than for the treatment of disease in accordance with the order of a physician for a valid medical purpose in the course of professional practice. A conviction for a violation of this section is a Class A misdemeanor to a Class 3 felony punishable by fifteen years in prison and a \$100,000 fine.

Ch.56½, Sec. 2307 - Possession of Anabolic Steroids. Any person who is not a practitioner and who possesses anabolic steroids without a valid prescription is guilty of a Class C misdemeanor. A subsequent offense committed within two years of a prior conviction is a Class B misdemeanor.

Possible Penalties for Conviction of Offenses

In many instances, the Illinois legislature has specified particular penalties for violations of drug statutes, depending on such factors as the type and quantity of the drug manufactured, distributed or possessed and the number of convictions of the offender. Violations of some drug statutes are punishable by fines up to \$500,000 and terms of imprisonment of up to sixty years. The penalties listed below only apply where the statute contains no specific penalties.

Class C misdemeanor - 30 days in the County jail and a \$500 fine.

Class B misdemeanor - Six months in the County jail and a \$500 fine.

Class A misdemeanor - 364 days in the County Jail and a \$1,000 fine.

Class 4 Felony - 3 years imprisonment and a \$10,000 fine except where the judge finds aggravating circumstances, in which case the term of imprisonment shall be not less than 3 years and not more than 6 years.

Class 3 Felony - 2 years to 5 years imprisonment and a \$10,000 fine except where the judge finds aggravating circumstances, in which case the term of imprisonment shall be not less than 5 years and not more than 10 years.

Class 2 Felony - 3 years to 7 years imprisonment and a \$10,000 fine except where the judge finds aggravating circumstances, in which case the term of imprisonment shall be not less than 7 years and not more than 14 years.

Class 1 Felony - 4 years to 15 years imprisonment and a \$10,000 fine except where the judge finds aggravating circumstances, in which case the term of imprisonment shall be not less than fifteen years and not more than 30 years.

Class X Felony - Punishable by 6 years to 30 years imprisonment and a \$10,000 fine except where the judge finds aggravating circumstances, in which case the term of imprisonment shall be not less than 30 years and not more than 60 years.

Alcohol - Illinois Law: Legal Penalties and Sanctions for Unlawful Possession, Use or Distribution

Ch.43, Sec. 131 - Sales to and Possession of Alcohol by persons under 21. It is illegal to sell, give, or deliver alcoholic liquor to any person under the age of twenty-one years or to any person known by him or her to be under legal disability or in need of mental treatment. Violation of this section is a Class A misdemeanor. Any person under the age of twenty-one years who has any alcoholic beverage in his or her possession or any street or highway or in any public place or in any place open to the public is guilty of a Class B misdemeanor.

Ch.43, Sec. 134 - Purchase or Acceptance of Liquor by Persons under 21. Any person to whom the sale, gift or delivery of any alcoholic beverage is prohibited because of age may not purchase, or accept a gift of alcoholic liquor or have such alcoholic liquor in his possession. The consumption of alcoholic liquor by any person under twenty-one years of age is forbidden. Whoever violates any provisions of this section is guilty of a Class C misdemeanor.

Ch.43, Sec 134A - Consumption of Alcoholic Liquor. The consumption of alcoholic liquor by any person under 21 years of age is forbidden. A conviction for a violation of this section is a Class C misdemeanor.

Ch.95½, Sec. 11-501 - Driving while under the Influence of Alcohol. A person shall not drive or be in actual physical control of any vehicle within the State of Illinois while the alcohol concentration in such person's blood or breath is 0.08% or more or the person is under the influence of alcohol. A first time conviction for a violation of this section within 5 years of a previous violation of this section shall be mandatorily sentenced to 48 consecutive hours of imprisonment or

assigned to a minimum of 10 days of community service. A person convicted of committing a violation of this section shall be guilty of a Class 4 felony if (1) the person committed a violation of this section for the third or subsequent time (2) the person committed the violation while driving a school bus with children on board, or (3) the person caused a motor vehicle accident which resulted in great bodily harm. All persons convicted of driving under the influence of alcohol are subject to suspension of their driver's license.

Ch.95½, Sec 11-502 - Transportation or Possession of Alcoholic Liquor in a Motor Vehicle.

No driver may transport, carry, possess or have alcoholic liquor within the passenger area of any motor vehicle upon a highway in the State of Illinois except in the original container with the seal unbroken. A conviction for a violation of this section is a Class A misdemeanor.

Possible Penalties for Conviction of Alcohol Related Offenses

Class B misdemeanor - Six months in the County jail and a \$500.00 fine.

Class A misdemeanor - 364 days in the County jail and a \$ 1,000.00 fine.

Possible Institute Sanctions for Violation of the Standards

Any confirmed infractions by staff and students of Institute policies and standards of conduct related to drug and alcohol abuse will result in appropriate disciplinary action. In the case of employees, individuals who appear to be unfit for work may be subject to a fitness for duty examination at a designated medical facility. When necessary, the Institute reserves the right to inspect and/or search all Institute property, as well as any employee's personal property on Institute premises, for intoxicating liquor, controlled or illegal substances, or any other substances that impair job performance. Refusal to submit to any such inspection or refusal to cooperate in any investigation will result in disciplinary action, up to and including termination. Any illegal substances discovered on our premises will be turned over to the appropriate law enforcement agency and may result in criminal prosecution.

Students who violate Institute policies and standards of conduct related to drug and alcohol abuse, and engage in other conduct that departs from generally accepted standards of integrity, professional conduct, and ethical behavior, whether committed on or off campus, are subject to the student disciplinary process. Depending upon the circumstances of the offense, discipline can include, but is not limited to, some or all of the following actions: admonition, probation, requirement of adherence to a conduct contract, requirement to take a leave of absence or withdraw, dismissal, and expulsion. A full description of student standards of conduct and the disciplinary process can be found in the *2009-10 Bulletin*, pages 72 – 74.

Health Risks Associated with Illicit Drugs and the Abuse of Alcohol

The following information is excerpted from the DO It Now Foundation's publication, "Substances and Safety."

Depressants

Drugs that depress or slow down the central nervous system are among the most widely used and abused substances. This category includes alcohol, sleeping pills, sedatives, and daytime tranquilizers. The most popular and widely used depressant is alcohol. On the road, drunk drivers were responsible for nearly 450 deaths EACH week. Since any kind of work requires the same skills used in driving – sound judgment, concentration, coordination, and quick reaction – alcohol's effects in the work place are similar to its effects on driving.

Other depressants remain in the body in a psychoactive form for hours or even days after use, where they can continue to affect coordination, concentration and reasoning powers. Since all depressants produce some degree of physical and psychological dependence, the drugs pose long-term problems for job performance as well as health and well-being.

Stimulants

Drugs that stimulate the brain and nervous system include illegal chemicals like cocaine and prescription diet pills. Not only do stimulants not enhance performance, they produce changes that can cause real problems, including anxiety, aggressiveness, irritability, lapses in concentration and attention, and fatigue. Like depressants, stimulants can produce long-term dependence – and long-term problems for performance.

Marijuana

Because marijuana has gained a reputation for producing a relatively short-lived intoxication with few obvious physical signs of use, many smokers believe they can function normally under the influence of pot. Current research indicates that this is not so. Like depressants, marijuana produces a degree of sedation and intoxication that slows reasoning abilities. Complex tasks, particularly those involving problem-solving, are most affected, but the drug is also tied to poor concentration and impaired short-term memory. A recent study shows that many of these effects continue long after the short-term intoxication fades – sometimes as long as 24 hours later.

Controlled Substances – Uses and Effects

The following table, "Drugs of Abuse, Uses and Effects," is provided by the U.S. Department of Justice - Drug Enforcement Administration. The legend for the column headings is as follows:

1. Drugs/CSA Schedules
2. Trade or Other Names
3. Medical Uses

Policy on Weapons

Possession of any firearms, weapons, fireworks, explosives, ammunition, or abuse of any flammable substance on Institute property will subject the student to the possibility of facing the Institute's disciplinary procedures. The term weapon may be defined as any object or substance designed to inflict a wound, threaten injury, cause injury or incapacitate. Weapons may include, but are not limited to, all firearms, pellet guns, slingshots, stun guns, martial arts devices, switchblade knives, and clubs. Items used for other purposes (such as kitchen knives, scissors, etc) may also be defined as a "weapon" if an individual engages in behavior which uses such an object in a threatening manner. The student might also be subject to those legal sanctions that the justice system might pursue as a result of the violation of the criminal code.

Policies on Student Conduct

1. Erikson's anti-bias commitment applies to all areas of discrimination, including those based on race, color, religion, national origin, sex, sexual orientation, marital status, age, disability, or veteran status. Respect is expected to be shown toward persons in all categories, both generally, and as individuals. It is each student's responsibility to approach interactions and diversity openly, and to act from one's centered, adult compassionate self.
2. Students are expected to conduct themselves in a manner compatible with the Institute's function as an educational institution. Behavior that is disruptive and/or interferes with the educational process is disrespectful of the rights of others and is not acceptable and, if continued, may result in discipline as summarized in paragraph 4 below, up to and including dismissal from the program.
3. Erikson Institute adheres to the laws of the State of Illinois and the federal government with respect to its substance abuse policy. The use, possession, or distribution of illegal drugs by students or employees is prohibited. The consumption or possession of alcoholic beverages for all students and employees under the age of 21 is strictly forbidden. Alcohol is prohibited from being on campus at any time except during special events and in such instances is only to be consumed by those over the age of 21 in designated areas.
4. Erikson Institute reserves the right to address the following student conduct as disciplinary matters: failure to attend classes regularly, make satisfactory progress toward a degree, or neglect of academic work or requirements; violation of the rules of Erikson Institute; lying to an officer of the Institute; cheating, plagiarism, forgery, or other forms of academic dishonesty; theft of or damage to property of the Institute or others; violation of Erikson Institute computer policy; possession of stolen goods; physical violence (including assault and sexual assault), discrimination, intimidation, harassment or disorderly conduct; violation of law (including unlawful use or possession of controlled substances, firearms, or hazardous materials); and other conduct that departs from generally accepted standards of integrity, professional conduct, and ethical behavior, whether committed on or off campus. Depending upon

the circumstances of the offense, discipline can include, but is not limited to, some or all of the following actions: admonition, probation, requirement of adherence to a conduct contract, requirement to take a leave of absence or withdraw, dismissal, and expulsion.

Student Disciplinary Process for Student Misconduct, Including Alleged Sex Offenses

Complaints relating to potential student misconduct, other than in situations raising issues of academic integrity, shall generally be handled using the procedures set forth below. Where circumstances raise a combination of issues that might be addressed under one or more procedures, or where the unique facts of a dispute warrant, the Institute reserves the right to modify or combine procedures, or fashion a new procedure, to address a particular case fully and fairly.

Reports or complaints about alleged student misconduct or violation of Institute rules should be made in the first instance to the Vice President for Administration and Enrollment or to any other member of the Administration. The Vice President for Administration and Enrollment (or her delegate) shall make a threshold determination whether the circumstances warrant investigation. Criminal misconduct may also be reported to the appropriate civil authorities. In such circumstances, the Institute may proceed with its own disciplinary process or, in its discretion, stay internal proceedings pending outside investigation.

If the Vice President's/delegate's threshold evaluation indicates that a violation of Institute rules or standards may have occurred, the accused student will be interviewed, at which time he or she is informed of the investigation, questioned regarding the allegations, and asked to discuss his or her alleged involvement. On the basis of this interview and any other initial investigation considered appropriate by the Institute, the Vice President/delegate shall make an initial determination whether the Institute's disciplinary standards appear to have been violated. If the Vice President/delegate determines at any time that no misconduct appears to have occurred, the matter shall be closed.

If the Vice President/delegate believes after initial investigation that misconduct has occurred, the Vice President or delegate will discuss this initial conclusion with the student. If there is no disagreement as to the facts or the appropriate sanction, the matter shall be resolved by a written agreement, signed by both the Vice President/delegate and student, stating the agreed facts and sanction, with a copy of the agreement to be maintained by the Institute. Such an agreement shall constitute the final decision upon the misconduct allegation.

If the Vice President/delegate believes after initial investigation that misconduct has occurred but the student disagrees with either this conclusion or the proposed sanction, the Vice President/delegate shall prepare a memorandum summarizing the results of the initial investigation, discussions to date with the student, and sanction being proposed. This memorandum shall be delivered to the Senior Vice President for Academic

Affairs/Dean of Faculty or delegate for further proceedings. Depending upon the circumstances of the allegation, the Senior Vice President for Academic Affairs/Dean of Faculty or delegate shall implement either an administrative or committee review process, the choice of which shall be made at the discretion of the Senior Vice President for Academic Affairs/Dean of Faculty or delegate.

If an administrative review is chosen, that review shall be delegated to a member of the Institute administration (other than the Vice President for Administration and Enrollment) or to an outside investigator chosen by the Institute. The administrative investigator shall investigate the circumstances of the complaint by interviewing the student, the complainant (if any), and witnesses, as well as by reviewing documents and conducting other investigation deemed appropriate. The student shall be afforded an opportunity to meet with the administrative investigator and supply written materials and documents justifying the student's position. This administrative review is a fact-finding and dispute resolution process, not an evidentiary hearing, and no witness or party to the complaint has the right to personally confront other witnesses/parties or to question them directly. Attorney involvement in interviews or in the administrative investigative process may, but need not, be permitted at the discretion of the Institute. After concluding the administrative investigation, the administrative investigator shall prepare a written recommendation discussing the alleged misconduct and sanction proposed by the Vice President for Administration and Enrollment/delegate and the facts that the investigator has found. This recommendation shall be made to the Senior Vice President for Academic Affairs/Dean of Faculty or delegate for final resolution of the matter. The decision of the Senior Vice President for Academic Affairs/Dean of Faculty or delegate is final.

If a committee review is chosen, the Institute, through its Senior Vice President for Academic Affairs/Dean of Faculty or delegate, shall appoint an ad hoc committee of three members to investigate the complaint. The committee members should include Institute faculty members or administrators and may, but need not, include a current student; one of the committee members should be designated by the Institute as chair. The committee should investigate the circumstances of the complaint by interviewing the student, any complainant, and witnesses, as well as by reviewing documents and conducting other investigation deemed appropriate. The accused student shall be afforded an opportunity to meet with the committee and supply written materials and documents justifying the student's position. The committee review contemplated is a fact-finding and dispute resolution process, not an evidentiary hearing, and no witness or party to the complaint has the right to personally confront other witnesses/parties or to question them directly. Attorney involvement in committee interviews or the investigative process may, but need not, be permitted at the discretion of the Institute. After concluding the investigation, the committee shall prepare a written recommendation discussing the alleged misconduct and sanction originally proposed by the Vice President/delegate and the facts that the committee has found; this recommendation shall be made to the Senior Vice President for Academic Affairs/Dean of Faculty or delegate for final resolution of the matter. The decision of the Senior Vice President for Academic Affairs/Dean of Faculty is final.

At any point during the disciplinary process, the process may be ended by agreement of the student and Institute, with any such resolution to be memorialized in a written agreement signed by the student and Institute.

Screening Questions

Please answer these questions carefully. The answers you provide will determine which screens you will be asked to complete for this data collection.

1. Does your institution provide on-campus student housing?

Yes No

2. Does your institution have any noncampus buildings or properties?

Yes No

3. Have you combined statistics that you received from the local or state police with your institution statistics for this report? If you answer No to this question, you will be asked to provide the data you received from the local and state police separately.

Yes. Local and/or state law enforcement agencies provided us with statistics that we are combining with statistics collected by our campus security authorities.

No. We are not combining the statistics because we cannot determine whether the statistics we obtained from local and/or state law enforcement agencies are for on-campus incidents or public property incidents.

Not available. We cannot determine if the statistics we obtained from local and/or state law enforcement agencies are for our Clery geography.

Not available. We made a good-faith effort to obtain statistics from local and/or state law enforcement agencies, but the agencies did not comply with our request.
