Online Master of Science in Early Childhood Education

In this program designed for early childhood professionals, you will gain a deeper understanding of how children age eight and younger grow and learn, and how their families, communities, and the broader early childhood systems affect their development and success.

This non-licensure degree program culminates in a digital Capstone Project that allows you to implement ideas into a real-world setting. All projects will be reflective of your academic and work experiences.

Career Opportunities

Graduates of our Online Master of Science in Early Childhood Education program can consider careers such as: child development specialist, early childhood program director, curriculum coordinator, bilingual/ESL endorsed educator, social and emotional coordinator, principal and prevention specialist.

Why Erikson?

• Core courses in child development with six specialized concentrations to choose from.
• Faculty are experts and scholars in the field.
• Several of our concentrations help prepare you to seek Illinois Gateways to Opportunity Early Care and Education (ECE) credentials and endorsements.
• We offer flexibility with a range of full- and part-time program lengths.
• Access to dedicated advisors, academic writing support, library, career services and student services.
We Can Help

We currently offer guaranteed total scholarships: $15,000 for full-time students, and $9,000 for part-time students for the entirety of program length who start through Fall 2020. For the most up to date information on scholarships and financial aid, visit www.erikson.edu/finaid. Our dedicated financial aid staff can help you learn about the options available to you.
