102

Counties

10,562

consultations to child welfare professionals

44

early childhood specialists

REAL STORIES, LASTING CHANGE

"The beauty of the program is that it meets the student where they are, and using strength-based approaches and reflection, **helps students to see what they can contribute to make the world a better place.**"

Zenia Haynes
IECMH Graduate Certificate 2022

"FAN has given me new language to discuss communication styles with young pediatricians. Trainees tell me that **FAN has helped them be more empathic with parents and children.** As a result, they've experienced more satisfaction in their work with families."

Dr. Michelle Barnes
FAN Trainer, University of Illinois at Chicago
