ACADEMIC TRAINING

Clinical Child Post-doctoral Fellow 2009	Tulane University Medical Center Perinatal & Early Childhood Mental Health Supervisors: Paula Zeanah, Ph. D. & Angela Breidenstine, Ph. D.
Ph.D. 2008	University of Iowa Clinical Psychology; Child Track Dissertation Title: Infant health care utilization: Influences of maternal psychosocial factors Dissertation Chairperson: Michael O'Hara Ph.D.
Clinical Child Pre-doctoral Intern 2007	Tulane University Medical Center APA-accredited Early Childhood Mental Health Training Director: Julie Larrieu, Ph.D.
M. A. 2000	Washington University in St. Louis Psychology Thesis Title: The Efficacy of the Waterloo – Stanford Group Scale of Hypnotic Susceptibility Form: C. Thesis Chairperson: Richard Kurtz Ph.D.
B. A. 2000	Washington University in St. Louis Major: Psychology Minor: Business

HONORS and AWARDS

2011	Erikson Institute Inspiring Infancy Professional: Infant Specialist Certificate Program Graduation speaker
2007	Meir A. Steiner Young Investigator's Award North American Society for Psychosocial Obstetrics and Gynecology (NASPOG)

2002	James F. Jacobson Graduate Student Forum Research Presentation Award
2001	James F. Jacobson Graduate Student Forum Research Presentation Award

GRANTS FUNDED

Co-investigator Submitted P.I. Dr. Linda Gilkerson	Gulf of Mexico Research Initiative, <i>Expanding gulf coast maternal and child health: strengthening family resilience in disaster prone communities experiencing repeated environmental stressors</i> Total allowed costs: \$451,048
Principal Investigator February 2012 – present	Erikson Institute Faculty Innovation Fund Assessment of Parenting Tool “APT” phase two validation Internal grant: \$7,670
Co-Investigator December 2010 – 2011 Co-P.I. Dr. Larry Gray	Erikson Institute Faculty Innovation Fund International Adoptions Family Handbook Internal grant: \$1,093
Principal Investigator January 2011 – December 2012	Otho S.A. Sprague Memorial Institute Grant <i>Promotion of Early Childhood Health via Training Project</i> Total direct costs: \$21,934
Principal Investigator December 2010 – 2011	Erikson Institute Faculty Innovation Fund Assessment of Parenting Tool “APT” phase one validation Internal grant: \$2,500
Principal Investigator April 2004 – April 2006	NRSA: Ruth L. Kirschstein Predoctoral Fellowship <i>Healthcare utilization in the infants of depressed mothers</i> Total direct costs: \$48,000
Co-Investigator August 2006 –August 2007 P.I. Dr. Beth Troutman	Johnson County Empowerment Grant <i>Infant mental health consultation to home-visiting programs</i>

- Franklin, C., **Moran, T.E.**, & Troutman, B. (2007, March). *Emotional reactivity in response to maternal disengagement in infants of depressed and nondepressed mothers*. Poster presented at the Society for Research in Child Development, Boston, MA.
- Moran, T.E.**, O'Hara, M.W & Franklin, C. (2007, February). *Elucidating maternal psychosocial predictors of infant health care use*. Talk presented as part of the Meir Steiner Young Investigators' Award Symposium, North American Society for Psychosocial Obstetrics and Gynecology, Portland, OR.
- Moran, T.E.**, Franklin, C.L., & O'Hara, M.W. (2006, September). *Psychosocial adjustment in the early postpartum period: The utility of daily mood and stress ratings*. Talk presented at the Marcé Society, Keele, UK.
- Moran, T.E.**, O'Hara, M.W., & Latzman, R.D. (2006, February). *Infant healthcare utilization in the context of maternal affective symptomatology*. Poster presented at the North American Society for Psychosocial Obstetrics and Gynecology, Kona, HI.
- Moran, T.E.**, Kotov, R., Bellman, S.B., Watson, D., & O'Hara, M.W. (2005, November). *Is hypnotic susceptibility related to suggestibility? Development and validation of a suggestibility scale*. Poster presented at the Association for Behavioral and Cognitive Therapy, Washington, D.C.
- Franklin, C.L., **Moran, T.E.**, Troutman, B., & O'Hara, M.W. (2005, November). *The relations among postpartum depression, maternal adjustment, contextual risk, and the attachment bond*. Poster presented at the Association for Behavioral and Cognitive Therapy, Washington, D.C.

Gamez, W., **Moran, T.E.**, Chmielewski, M. & Latzman, R.D. (2005, November). *Development of a measure of experiential avoidance: The Seashore Experiential Avoidance Scale (SEAS)*. Poster presented at the Association for Behavioral and Cognitive Therapy, Washington, D.C.

Moel, J., **Moran, T.E.**, Nylén, K. & O'Hara, M.W. (2005, April). *The efficacy of Interpersonal Psychotherapy in the treatment of postpartum depression*. Talk presented at the Iowa Psychological Association Conference, Ames, IA.

Moran, T.E. & O'Hara, M.W. (2004, March). *Final validation of the Partner-Edinburgh Postnatal Depression Scale*. Talk presented at the second meeting of the World Women's Mental Health Congress, Washington, D.C.

Moran, T.E. & O'Hara, M.W. (2004, August). *The role of the partner in postpartum depression*. Talk presented at the biennial meeting of the Marcé society, Oxford, England.

Moran, T.E., Kotov, R., Watson, D., & O'Hara, M.W. (2004, November). *Hypnotic susceptibility & suggestibility: Determining the relationship*. Poster presented at the annual meeting of the Association for the Advancement of Behavior Therapy, New Orleans, LA.

Moran, T.E. & Troutman, B. (2003, October). *Maternal depression and socio-emotional functioning of infants and toddlers*. Talk presented at the annual Iowa Mental Health Conference, Ames, IA.

Moran, T.E. & O'Hara, M.W. (2002, September). *Update of the partner's perceptions of the postpartum period: Validating the Partner-Edinburgh Postnatal Depression Scale*. Poster presented at the annual meeting of the Society for Research in Psychopathology, San Francisco, CA.

Moran, T.E. & O'Hara, M.W. (2001, November). *Theoretical report: The partner's perceptions of the postpartum period: Validating the Partner-Edinburgh Postnatal Depression Scale*. Poster presented at the annual meeting of the Society for Research in Psychopathology, Madison, WI.

Invited Presentations:

Moran, T.E. (2011, September), *"Doctor, there's a baby on your couch:" Understanding the Scope of Infant Mental Health and Related Parent Psychosocial Factors*. University of Iowa Hospitals and Clinics, Department of Pediatrics Fall Conference.

Moran, T.E. (2011, September), *The State of Infant Mental Health in Iowa: Lessons to learn from Illinois*. Iowa State University: State of Iowa Early Childhood Mental Health task force meeting.

Moran, T.E. (2011, July), *An Overview of Assessment in Infant Mental Health*. Caregiver Connections Early Childhood Mental Health Consultation meeting.

- Moran, T.E.** (2011, March), *Group Interpersonal Psychotherapy (G-IPT) in New Orleans: Depression in the Big Easy*. Illinois Association of Infant Mental Health, Bridges for Communication 2011 Spring Seminar Series.
- Moran, T.E.** (2011, March), *Perinatal Mood Disorder Screening from a Fussy Baby Framework*. Erikson Institute, Fussy Baby Network National Meeting.
- Moran, T.E.** (2010, March), *Perinatal Mood Disorders and the FAN Fussy Baby Network Approach to Intervention*. Erikson Institute, Fussy Baby Network National Meeting.
- Moran, T.E.** (2010, January). *Mindfulness and Interacting with Young Children: It's in the Little Moments*. Week-long webinar held via Erikson Institute's Facebook Discussion Page.
- Moran, T.E.** (2009, March). "Ain't Nobody Happy if...: Perinatal Depressive Disorders." Prevent Child Abuse Louisiana.
- Moran, T.E.** (2009, February). *Too depressed to have a baby*. Family & Youth: State of Louisiana.
- Moran, T.E.** (2008, October). *Proactive approaches for pregnant and postpartum women in counteracting the impact of hurricane related stress*. New Orleans Healthy Start Supervisory Action and Advisory Committee.
- Moran, T.E.** (2008, April). *The influence of lay consultants on mothers' health care decision-making for their infants*. Grand Rounds, Department of Psychiatry and Neurology, Tulane University.
- Moran, T.E.** (2008, April). *The impact of maternal psychosocial factors on infant health care use*. Talk presented at the Maternal Depression Conference, Tulane University School of Medicine.
- Troutman, B., Nash, L., & **Moran, T.E.** (2006, October). *A community-university collaboration to improve infant mental health services in Johnson County*. Grand Rounds, Department of Psychiatry, University of Iowa College of Medicine.
- Moran, T.E.** (2005, September). *Infant healthcare utilization in the context of maternal affective symptomatology*. Grand Rounds, Department of Psychology, University of Iowa.
- Moran, T.E.** (2002, January). *The Partner-Edinburgh Postnatal Depression Scale*. Grand Rounds, Department of Psychology, University of Iowa.

TEACHING EXPERIENCES: Erikson Institute

Courses taught

Spring 2012	Assistant Professor Independent Study Doctoral Course on Infant-Parent Relationships
Summer 2010 – present	Assistant Professor I374: Developmental Assessment Institute
Spring 2010 – present	Assistant Professor Child Assessment
Fall 2009 – present	Assistant Professor I375: Parent-Infant Relationships
Fall 2009 – present	Assistant Professor I376: Integrative Seminar in Infant Mental Health
Fall 2008	Guest Instructor Tulane University Acceptance and Commitment Therapy course for Psychology Interns
Fall 2008	Guest Instructor Tulane University Adolescent Interpersonal Psychotherapy course for Psychiatry Fellows and Psychology Interns
Fall 2007	Guest Instructor Tulane University Interpersonal Psychotherapy course for Psychiatry Fellows
Spring 2007	Instructor University of Iowa Introduction to Clinical Psychology
Fall 2006	Instructor University of Iowa Introduction to Clinical Psychology
Summer 2006	Teaching Assistant University of Iowa Seashore Clinic Supervised assessments of first year graduate students Dr. Jim Marchman, Supervisor
Spring 2006	Instructor

	University of Iowa Introduction to Clinical Psychology
Spring 2006	Teaching Assistant University of Iowa Abnormal Psychology Dr. Don Fowles, Supervisor
Fall 2005	Instructor University of Iowa Introduction to Clinical Psychology
Summer 2005	Co-author University of Iowa Behavioral modification correspondence course study guide Dr. Michael O'Hara, Supervisor
Summer 2005	Co-author University of Iowa Abnormal psychology correspondence course study guide Dr. Michael O'Hara, Supervisor
Fall 2004	Teaching Assistant University of Iowa Introduction to Clinical Psychology Dr. Natalie Denberg, Supervisor
Spring 2004	Instructor University of Iowa Introduction to Clinical Psychology
2001 - 2002	Teaching Assistant University of Iowa Introduction to Clinical Psychology Dr. Natalie Denberg, Supervisor

SERVICE

Service to the Institute

2011- Present	Comprehensive Exam Study Session Facilitator
2011 - Present	Administrative Duties for IMHC program: Interviewing applicants, placing students in internship sites

Fall, 2011	Professional Development Course: Postpartum Depression
2010 – Present	Erikson Open House Facilitator for Infancy Specialization
Spring 2011 – Present	FBN Consultation: Continued to provide consultation in parental mental health, broadly, and maternal mood and anxiety measurement, specifically, but did so as a service rather than for payment as in earlier years (see below).
2010 – Present	CCF reduced pay: Continued to see two families for weekly psychotherapy services via the CCF, but at a greatly reduced rate in order to assist the center.
2009 – Present	Institutional Review Board Member & occasional Acting Chair
2009 – Present	Infant Studies Committee Member
2009 – Present	Strategic Planning Research Subcommittee Member

Service to the field

REVIEWER

2011	Head Start Conference
2011	Journal of Early Intervention
2010	Parent-Child Relations: Context, Research, and Application; Pearson Publishing
2005	International Conference for Infant Studies

BOARD MEMBERSHIP

2009 – Present	Chicago Children's Museum
----------------	---------------------------

Service to the community

PROFESSIONAL POSITIONS

Summer 2011	<p>Consultant State of Iowa Early Childhood Mental Health task force Works with early childhood mental health specialists around the State of Iowa to develop a credentialing system for experts in the field. Co-authored a white paper describing the current state of early childhood mental health in Iowa.</p>
-------------	--

- 2011-2012 **Consultant**
 La Rabida Children’s Hospital Infant Developmental Specialists
 Provided reflective supervision and case consultation to the Infant Developmental Specialist team. Attends monthly team meetings and facilitates referrals to providers for parental mental health concerns, when needed.
- Fall 2009- Spring 2011 **Consultant**
 Fussy Baby Network (FBN)
 Parent mental health consultant to the Erikson Institute’s FBN, a home visiting and warmline intervention for families with a fussy baby. Attended and consulted to the team during weekly case conferences, assisted in grant writing and presented on topics related to parent mental health at local and national FBN meetings.
 Dr. Linda Gilkerson, Primary Investigator
- Winter 2009 –2010 **Consultant & Supervisor**
 Mother Infant Treatment Group (MITG)
 Acted as consultant and reflective supervisor to team of 10 clinicians conducting MITG with depressed postpartum women, their infants and partners. Conducted weekly case conferences with team. Co-facilitated focus groups of clinical team and staff.
 Drs. Linda Gilkerson and Rosanne Clark, primary investigators.
- Fall 2006 **Consultant**
 Iowa Consortium for Mental Health
 Data manager and reviewer on a project designed to disseminate evidenced based practices to mental health providers across the state of Iowa, analyzed collected data regarding client demographics and outcomes from the mental health centers and disseminated this information to consortium and clinic directors
 Drs. Beth Troutman & Michael Flaum, Supervisors
- Fall 2006 **Consultant**
 Johnson County Empowerment Board
 Co-investigator on a grant designed to facilitate assessment and treatment referrals for children ages zero to three, conducted training of home visitors regarding infant mental health, accompanied home visitors to appointments, and developed treatment plans
 Dr. Beth Troutman, Supervisor
- Fall 2006 **Consultant**

Prevent Child Abuse Iowa
 Evaluator of child neglect reports in the state of Iowa, developed and implemented a means of analyzing the information contained within Department of Human Services' reports to identify markers of child neglect, information will later be applied to a public awareness campaign designed to foster the awareness of and decrease the prevalence of child neglect
 Steven Scott, J.D., Supervisor

Summer 2004

Consultant

Prevent Child Abuse Iowa
 Examined the efficacy of child neglect prevention programs, authored a newsletter presenting the results to board members and the general public
 Steven Scott, J.D., Supervisor

2000 – 2004

Research Assistant

University of Iowa, Iowa Depression and Clinical Research Center
 Longitudinal treatment outcome study of Interpersonal Psychotherapy for Perinatal Depression
 Drs. Michael O'Hara and Scott Stuart, Supervisors

1998 – 1999

Research Assistant

Washington University
 Hypnotic susceptibility assessment
 Dr. Richard Kurtz, Supervisor

STUDENT SUPERVISORY EXPERIENCES

Fall 2010 – present

Doctoral student advisor
 Mentored Amber Evenson, M.A. in her coursework, practice and research interests.

Fall 2009 – present

Individual Tutorial meetings
 Mentored three to four graduate level students per academic year in their year prior to obtaining their master's degrees in early childhood. Coordinated with their internship site supervisors, meeting as a group twice per year. Met individually with each student to discuss their academic and professional development.

Fall 2009 – present

Group Supervision meetings
 Met with Infant Mental Health Certificate students as a group on a biweekly basis to discuss their academic and professional development. Coordinated with their internship site supervisors, meeting together twice per year.

TRAINING EXPERIENCES

Spring 2012	Diagnostic Classification OF Mental Health and Developmental Disorders of Infancy and Early Childhood: Revised Edition (DC: 0-3R); Chicago, Illinois
Summer 2011	Parent Child Interaction Therapy (PCIT) training; Iowa City, Iowa
Spring 2011	Circle of Security Parenting (COSP) training; Chicago, Illinois
Spring 2010	Harris Professional Development Network (PDN); Chicago, Illinois
Fall 2007	Infant Mental Health Training; Baton Rouge, Louisiana
Spring 2007	Iowa Consortium for Mental Health; Des Moines, Iowa
Fall 2006	Iowa Consortium for Mental Health; Des Moines, Iowa
Fall 2006	Interpersonal Psychotherapy Conference; Iowa City, Iowa
Fall 2006	Head Start: Train the trainer; Des Moines, Iowa
Fall 2004	Interpersonal Psychotherapy Conference; Des Moines, Iowa
Fall 2002	Interpersonal Psychotherapy Conference; Iowa City, Iowa

PROFESSIONAL AFFILIATIONS

World Association for Infant Mental Health (WAIMH)
 Illinois Association for Infant Mental Health (ILAIMH)
 Consortium to Lower Obesity in Chicago's Children (CLOCC)
 American Psychological Association (APA) Divisions 12 and 53
 Iowa Psychological Association (IPA)
 Society for Research in Psychopathology (SRP)
 Association for Behavioral and Cognitive Therapy (ABCT)
 North American Society for Psychosocial Obstetrics and Gynecology (NASPOG)
 Society for Research in Child Development (SRCD)

CLINICAL EXPERIENCES

2010 - Present **Licensed Clinical Psychologist**
 Center for Children and Families, Erikson Institute; Chicago, Illinois
Position includes: individual, dyadic and family therapy with children ages birth to eight and their caregivers.
Patient population: caregivers and their young children referred primarily for socio-emotional and relational concerns.

- 2008 – 2009
Post-doctoral fellow
 Tulane University Medical School, New Orleans, Louisiana
 Nurse Family Partnership & Healthy Start rotation;
Position included: group and individual therapy with clients, consultation to home-visiting nurses, home and clinic visits
Patient population: pregnant and postpartum mothers and their infants/toddlers referred by their case managers through the Nurse Family Partnership (NFP) program and/or Healthy Start program
Assessment Measures: Working Model of the Child Interview, self-report batteries
Supervisor: Paula Zeanah, Ph.D.
- 2007 – 2008
Pre-doctoral intern & Post-doctoral fellow
 Tulane University Medical School, Infant Team, New Orleans, Louisiana
Position included: diagnostic, cognitive, relationship, and developmental assessment; collaboration with outside agencies in permanency planning, individual, couples, dyadic, and family psychotherapy
Patient population: families referred by the Juvenile Court System due to charges of abuse and or neglect of children five years of age and younger
Assessment measures: Working Model of the Child Interview, Crowell Observation, Strange Situation Procedure, self-report batteries
Supervisors: Julie Larrieu, Ph.D., Angela Breidenstine, Ph.D., and Charles Zeanah, M.D.
- 2007 – 2008
Pre-doctoral intern
 Tulane University Medical School, Pediatric Consultation/Liaison rotation
 New Orleans, Louisiana
Position included: childhood psychology consultation to development and administration of assessment batteries, treatment recommendations, and referrals, psychotherapy, presentation of cases as part of a multi-disciplinary team of medical students, psychologists and psychiatrists during weekly rounds
Patient population: Children and adolescents presenting to the hospital in Inpatient Pediatrics, Pediatric Intensive Care Unit, Oncology-Hem oncology and/or Pediatric Emergency Departments
Assessment measures: Psychosocial Assessment Tool, self-report symptomatology measures, projective drawings, Child Behavior Checklists, Wechsler Intelligence Scale for Children – III, Woodcock-Johnson - III
Supervisors: Paula Zeanah, Ph.D. and Neil Boris, M.D.
- 2006 –2007
Pre-doctoral Intern
 University of Iowa Hospitals and Clinics, Child Psychiatry, Iowa City, Iowa
Position included: assessment and psychotherapy with an emphasis on evidenced based practices, specialized training in conducting custody

evaluations within the context of questioned or confirmed abuse and neglect, consultation to Pediatric Cardiology

Patient population: infants, children and adolescents, parents and caregivers

Assessment measures: self-report symptomatology measures, Child Behavior Checklists, Wechsler Intelligence Scale for Children – III, projective drawings, Rorschach, Roberts Apperception Test, Bayley Scales of Infant Development - II

Supervisor: Beth Troutman, Ph.D.

2006 – 2007

Pre-doctoral Intern

University of Iowa Hospitals and Clinics, Pediatrics, Iowa City, Iowa

Position included: conducting neuropsychological and behavioral evaluations as a member of two multidisciplinary teams

Patient population: children referred due to concerns regarding potential Attention Deficit Hyperactivity Disorder, behavioral disorders, learning difficulties, and/or traumatic brain injury

Assessment measures: Structured Observation of Play and Academic Settings, Connors, Child Behavior Checklists, Wechsler Intelligence Scale for Children – IV, Wechsler Preschool and Primary Scale of Intelligence – Revised, Rey Auditory-Verbal Learning Test, Rey-Osterreith Complex Figure Test, Standardized Reading Inventory, Iowa Interview for Partial Seizure-like Symptoms, Controlled Oral Word Association, Continuous Performance Test-2, Tinker Toy Test

Supervisors: Mary Ann Roberts, Ph.D. and Todd Kopelman, Ph.D.

2006 – 2007

Pre-doctoral Intern

University of Iowa Hospitals and Clinics, Adult Psychiatry, Iowa City, Iowa

Position included: conducted psychotherapy using an integrative approach, heavily influenced by Interpersonal Psychotherapy and third wave behavioral approaches such as Acceptance and Commitment Therapy and Integrative Behavioral Couples Therapy

Patient population: peripartum women and their partners

Assessment tools: self-report measures of symptomatology, Dyadic Adjustment Scale, Conflict Tactics Scale – 2, Marital Status Inventory, Minnesota Multiphasic Personality Inventory

Supervisors: Scott Stuart, M.D. and Robin Kopelman, M.D.

2000 – 2006

Practicum student

University of Iowa Psychology Department Seashore Psychology Clinic, Iowa City, Iowa

Position includes: psychological assessments, custody evaluations, and psychotherapy using Acceptance and Commitment Therapy, Dialectical Behavioral Therapy, Cognitive Behavioral Therapy, and Interpersonal Psychotherapy approaches

Patient population: children, adolescents, and adults

Assessment tools: objective personality testing, intelligence and achievement testing, neuropsychological batteries, and semi-/ structured diagnostic assessment

Supervisors: James Marchman Ph.D., John Knutson Ph.D., Peter Nathan Ph.D., Natalie Denberg Ph.D., Erika Lawrence Ph.D., Susan Lutgendorf Ph.D. and Gregory Gullickson Ph.D.

2000 –2006

Clinical interviewer

Iowa Depression and Clinical Research Center, University of Iowa, Iowa City, Iowa

Position included: conducting semi-/ structured phone interviews and focus groups designed to enhance the provision of services

Patient population: minority, rural and low socioeconomic status peripartum women

Assessment measures: Longitudinal Interval Follow-up Evaluation, self-report measures

Supervisors: Michael O’Hara, Ph.D. and Scott Stuart, M.D.

2005 – 2005

Practicum student

Behavioral Pediatrics Clinic, University of Iowa Hospitals and Clinics Iowa City, Iowa

Position included: conducting functional assessments, devising home and/or school based behavioral treatment approaches

Patient population: children age one to thirteen evidencing behavioral disorders

Assessment measures: Child Behavior Checklists, Wechsler Intelligence Scale for Children – IV, Wechsler Preschool and Primary Scale of Intelligence – Revised

Supervisors: David Wacker Ph.D. and Linda Cooper-Brown Ph.D.

2003 –2004

Practicum student

University of Iowa Hospitals and Clinics, Child Psychiatry, Iowa City, Iowa

Position included: assessments and psychotherapy with a focus on disorders of attachment, developmental assessment of infants/ toddlers, conducting child custody evaluations, Parent Child Interaction Therapy and Nondirective Play Therapy

Patient population: children ages zero to seventeen seen via inpatient and outpatient clinics

Assessment measures: Strange Situation procedure, self-report symptomatology measures, Child Behavior Checklists, Wechsler Intelligence Scale for Children – III, projective drawings, Rorschach Inkblot Test, Roberts Apperception Test, Bayley Scales of Infant Development - II

Supervisor: Beth Troutman Ph.D.

2002 –2003

Practicum student

University of Iowa Hospitals and Clinics, Adult Psychiatry, Iowa City, Iowa

Position included: short-term psychotherapy focused on the use of Interpersonal Psychotherapy, Dialectical Behavioral Therapy, Cognitive Behavioral Therapy

Patient population: a wide range of client ages and presenting problems including affective disorders and Axis II psychopathology

Assessment measures: self-report measures, clinical interviews

Supervisor: Scott Stuart M.D.
